II. Background Information and Regulatory History

The Coast Guard is issuing this temporary rule without prior notice and opportunity to comment pursuant to authority under section 4(a) of the Administrative Procedure Act (APA) (5 U.S.C. 553(b)). This provision authorizes an agency to issue a rule without prior notice and opportunity to comment when the agency for good cause finds that those procedures are “impracticable, unnecessary, or contrary to the public interest.” Under 5 U.S.C. 553(b)(B), the Coast Guard finds that good cause exists for not publishing a notice of proposed rulemaking (NPRM) with respect to this rule because it is impracticable and contrary to the public interest. The Coast Guard was not notified with ample time to allow for public comment. The visit by high-ranking government officials and members of their official party will conclude prior to the publication and completion of a comment period. Additionally, it is impracticable to publish a NPRM because the visit is scheduled to occur from November 14 through November 18, 2023, and we must establish these security zones by those dates. We lack sufficient time to solicit comments and review prior to issuing a final action.

Under 5 U.S.C. 553(d)(3), the Coast Guard finds good cause exists for making this rule effective less than 30 days after publication in the **Federal Register**. Delaying the effective date would be impracticable because action is needed starting November 14, 2023, to protect high-ranking government officials, members of their official party, the security of harbors, ports, and waterfront facilities, and mitigate potential subversive acts.

III. Legal Authority and Need for Rule

The Coast Guard is issuing this rule under authority in 46 U.S.C. 70051 and 70124. High-ranking government officials and members of their official party plan to visit the San Francisco area and will be in the areas of U.S. Highway 101 North from Oyster Point to Candlestick Point,

and San Francisco Pier 27/29. These are located adjacent to U.S. navigable waters in the San Francisco COTP zone. The Captain of the Port San Francisco (COTP) has determined that these security zones are needed to ensure the safety of the high-ranking government officials and members of their official party.

IV. Discussion of the Rule

This rule establishes two security zones from November 14 through November 18, 2023. These security zones will cover all navigable waters of the San Francisco Bay, from surface to bottom, and be for the areas and times described below or as otherwise noted by Marine Information Broadcast, and will be referred to as Zones A, and B.

Zone A is along U.S. Highway 101 North from Oyster Point to Candlestick Point, San Francisco Pier 27/29, approximately 200 yards from shore. Zone A is within the area formed by connecting the following latitude and longitude points in the following order: 37°42'28.8" N, 122°21'45.0" W; thence to 37°42'31.0" N, 122°22'27.0" W; thence along the shore to 37°40'37.5" N, 122°22'45.0" W; thence to 37°40'20.4" N, 122°22'10.6" W and thence to the point of beginning. This zone will be in effect from 12:01 a.m. on November 14, 2023, through 11:59 p.m. on November 18, 2023.

Zone B will be around San Francisco Pier 27/29 and approximately 200 yards from shore. Zone B is within the area formed by connecting the following latitude and longitude points in the following order: 37°48'23.49" N, 122°24'12.1" W; thence to 37°48'28.36" N, 122°24'8.48" W; thence to 37°48'34.68" N, 122°24'3.44" W; thence to 37°48'29.59" N, 122°23'51.5" W; thence to 37°48'16.79" N, 122°23'54.88" W; thence along the shore and piers to the point of beginning. This zone will be in effect 12:01 a.m. on November 14, 2023, through 11:59 p.m. on November 18, 2023.

The duration of these zones is intended to protect the harbors, ports, and waterfront facilities during the high-ranking government officials' visit to the local area and to ensure the safety of the official party. No vessel or person will be permitted to enter the security zone

except for authorized support vessels, aircraft, and support personnel, or other vessels authorized by the COTP or a designated representative.

V. Regulatory Analyses

We developed this rule after considering numerous statutes and Executive orders related to rulemaking. Below we summarize our analyses based on a number of these statutes and Executive orders, and we discuss First Amendment rights of protestors.

A. Regulatory Planning and Review

Executive Orders 12866 and 13563 direct agencies to assess the costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits. This rule has not been designated a “significant regulatory action,” under section 3(f) of Executive Order 12866, as amended by Executive Order 14094 (Modernizing Regulatory Review). Accordingly, this rule has not been reviewed by the Office of Management and Budget (OMB).

This regulatory action determination is based on the sizes, locations, and durations of the security zones. The effect of this rule will not be significant because local waterways users will be notified by marine information broadcast and on-scene enforcement to ensure the security zones will result in minimum impact.

B. Impact on Small Entities

The Regulatory Flexibility Act of 1980, 5 U.S.C. 601–612, as amended, requires Federal agencies to consider the potential impact of regulations on small entities during rulemaking. The term “small entities” comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000. The Coast Guard certifies under 5 U.S.C. 605(b) that this rule will not have a significant economic impact on a substantial number of small entities.

While some owners or operators of vessels intending to transit the security zones may be small entities, for the reasons stated in section V.A above, this rule will not have a significant economic impact on any vessel owner or operator.

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Pub. L. 104-121), we want to assist small entities in understanding this rule. If the rule would affect your small business, organization, or governmental jurisdiction and you have questions concerning its provisions or options for compliance, please call or email the person listed in the **FOR FURTHER INFORMATION CONTACT** section.

Small businesses may send comments on the actions of Federal employees who enforce, or otherwise determine compliance with, Federal regulations to the Small Business and Agriculture Regulatory Enforcement Ombudsman and the Regional Small Business Regulatory Fairness Boards. The Ombudsman evaluates these actions annually and rates each agency's responsiveness to small business. If you wish to comment on actions by employees of the Coast Guard, call 1-888-REG-FAIR (1-888-734-3247). The Coast Guard will not retaliate against small entities that question or complain about this rule or any policy or action of the Coast Guard.

C. Collection of Information

This rule will not call for a new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520).

D. Federalism and Indian Tribal Governments

A rule has implications for federalism under Executive Order 13132, Federalism, if it has a substantial direct effect on the States, on the relationship between the National Government and the States, or on the distribution of power and responsibilities among the various levels of government. We have analyzed this rule under that order and have determined that it is consistent with the fundamental federalism principles and preemption requirements described in Executive Order 13132.

Also, this rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it does not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes.

E. Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or Tribal Government, in the aggregate, or by the private sector of \$100,000,000 (adjusted for inflation) or more in any one year. Though this rule will not result in such an expenditure, we do discuss the effects of this rule elsewhere in this preamble.

F. Environment

We have analyzed this rule under Department of Homeland Security Directive 023-01, Rev. 1, associated implementing instructions, and Environmental Planning COMDTINST 5090.1 (series), which guide the Coast Guard in complying with the National Environmental Policy Act of 1969 (42 U.S.C. 4321–4370f), and have determined that this action is one of a category of actions that do not individually or cumulatively have a significant effect on the human environment. This rule involves security zones in effect during a period of five days in various locations, that will be enforced for the entirety of those five days. It is categorically excluded from further review under paragraph L60(a) of Appendix A, Table 1 of DHS Instruction Manual 023–01–001–01, Rev. 1. A Record of Environmental Consideration supporting this determination is available in the docket. For instructions on locating the docket, see the **ADDRESSES** section of this preamble.

G. Protest Activities

The Coast Guard respects the First Amendment rights of protesters. Protesters are asked to call

or email the person listed in the **FOR FURTHER INFORMATION CONTACT** section to coordinate protest activities so that your message can be received without jeopardizing the safety or security of people, places, or vessels.
